SUPER WEB DEVELOPER WANTED!

Calling all people stuck in the "I can't get a job because I don't have experience" vortex! We understand. Because of that, we offer remarkable internships that will help you get the experience you need to secure your next job.

The best way to invest in your future is to learn new skills and gain experience simultaneously while growing your portfolio. As a team set on helping people, we want your input and insight on growing our company.

WHO WE ARE:

Our Founder & CEO, Super Julie Braun (also known as SJ), created Super Purposes™ LLC in 2018. Having worked for some of the largest companies in the world, our dynamic leader has put forth our company's mission - to help millions of people get the purpose-filled career they deserve. To learn more about us, go to https://tinyurl.com/JoinSuperPurposes.

Unlike most companies, we respect our Interns (we call them Teammates). We understand that Interns are not burdens, coffee fetchers, or file cleaners. Our Teammates work on important high-level projects that help us grow while Teammates develop their skills and business acumen.

Our company specializes in online career courses and career coaching services. In particular, we aim to serve communities that are traditionally left out of career opportunities or folks who get stuck in dead-end jobs. We have helped 16,000 already, and more are on the way.

To get an idea of some of the unique projects our Teammates work on, check out our Docuseries From Ground Zero to Career Superhero! Click on our YouTube Channel link to watch the trailer. https://www.youtube.com/watch?v=IJnbAVpv80w or watch full episodes of the Docuseries by clicking on the following link: https://superpurposes.com/docuseries-home-page/

TOGETHER WE ARE UNSTOPPABLE!

YOU WILL:

- Update and maintain our branded website presence.
- Utilize WordPress and Elementor Platforms.
- Use HTML, CSS, and JavaScript to build web pages in our sandbox (online laboratory).
- Learn about our primary Membership site on Paid Memberships Pro (If you don't have experience using Paid Memberships Pro, it's OK! You will have an opportunity to learn how this platform works and add this skill to your professional portfolio).
- Increase national awareness of our brand through quality analysis and usability testing.
- Collaborate with a team of UX Designers to determine how we can make our website truly super and troubleshoot with our Cyber-Tech team on upgrades, backups, and improvements.
- Attend team meetings and senior meetings.

YOU ARE:

- Passionate about creating content and creative web design applications across all devices.
- Experienced in web development with an understanding of web design principles including basic database concepts.
- Proficient in HTML, CSS, WordPress, and Javascript.
- Highly motivated, detail-oriented, reliable and organized.
- Adaptable to changes in projects and priorities and can handle multiple projects.
- Able to work independently with minimum supervision and attend video conferencing meetings whenever needed.
- Excellent in verbal and written communication, email etiquette, the Internet, and MS Office.
- Enthusiastic and grateful to have the opportunity to work with us!
- Tech savvy and own a computer with reliable access to an Internet connection.
- A Super Web Developer!

TOGETHER WE ARE UNSTOPPABLE!

YOU WILL BENEFIT BY:

- Attaining high-level skills and experience that will help you increase your earning potential, reach your career goals, and find more rewarding jobs.
- Receiving mentoring on your LinkedIn Profile (and thus, your resume), interviewing skills, and professional goals, and how to manage your career.
- Building your professional portfolio.
- Participating in collaboration sessions with our hilarious creative Teammates and team leadership.
- Being exposed to the behind-the-scenes of a one-of-a-kind start-up company.
- Gaining access to a variety of training materials on sales, marketing, program management, and other topics, worth thousands of dollars.
- Receiving a top-notch letter of recommendation and referrals from our Employment Verification team upon the successful completion of your 200 hour internship. In addition, we will gladly help you arrange for academic credit if needed.

LOCATION

This is a virtual/remote opportunity which means you don't have to deal with traffic or sitting in a stuffy office! You are able to work in a comfortable environment that provides a reliable and secure internet connection so that you can attend meetings and video conferences.

VIDEO CONFERENCING

As a virtual company, we use video conferencing application(s) as our primary form of communication. You will be required to have video conferencing program(s) on your laptop or desktop so that you can fully participate in meetings and training sessions. Our team meetings, one-on-one meetings and training sessions often require team members to turn on their video camera, share their screens and interact with other team members.

NOTE: Your cell phone should not be your main source of working on assignments or attending meetings.

TIMING

Immediately! Our internships are 200 hours. Each intern is required to work 10 hours a week. If work the minimum hours (10 hours per week) it will take you 20 weeks to complete your internship.

COMPENSATION

This is an unpaid virtual internship, but the experience and connections you will get for your professional portfolio and LinkedIn profile are priceless!

TOGETHER WE ARE UNSTOPPABLE!
